## Experience

### MediaBeacon, a Danaher Company

January 2011 - PRESENT. Minneapolis, MN

#### Sr. Manager, Solution Delivery (2016 - present)

Manages a team of Technical Project Managers. Provides support for customer implementations around the world. Uses expertise in MediaBeacon software and standards-based web technology to provide technical solutions to complex business problems. Facilitates negotiations and deployments with Fortune 500 companies. Uses Danaher Business System (Danaher's proprietary Lean toolkit) to coach team members and tackle business challenges.

#### Solution Design Lead (2015 - 2016)

Led a team to implement solutions for customers using MediaBeacon software, Javascript, HTML and CSS. Documented customer requirements in Specifications and Statements of Work. Provided creative problem solving and onsite support with escalated issues.

#### Consultant and Business Analyst (2011- 2015)

Acted as a single point of contact for solution implementation. Used a balance of business insight and technical competence to effectively identify, secure, build, and deliver solutions to MediaBeacon customers. Managed projects using Agile & Waterfall methodologies, performed requirements analysis, change management, technical writing, and business/process analysis.

### Toppling Goliath Brewing Company / Retail and Tap Room Manager

January 2010 - November 2010. Decorah, IA

Managed team of part-time tap room employees. Managed administrative tasks for retail and tap room operations. Oversaw record-keeping and alcohol licensing to both state and federal agencies.

---

## Education

### Luther College / B.A. Music

August 2006 - May 2010, Decorah, IA

Studied Voice as part of the Bachelor of Arts Degree program at Luther. Served as the Co-Chair of the Student Activities Council Concerts Committee which was responsible for planning major concert events on campus.
